CONSTRUCTION ALERT

Surfside Inn Pedestrian Overcrossing Rehabilitation

OC Public Works (OCPW) contractors will be retrofitting the Surfside Inn Pedestrian Bridge to extend the service life and safety of the overcrossing.

WHAT:  In Summer 2016, the deteriorated bridge over Coast Highway was removed and replaced with a traffic signal intersection for continued beach access for pedestrians. Since then, OC Public Works has continued to work with local agencies on planning and construction for the retrofitting phase of the project. OC Public Works will perform the retrofit to extend the service life and safety of the remaining Surfside Inn Pedestrian Bridge over the railroad track. The work will consist of replacing the existing fence and anchor bolts, patching deteriorated concrete, installing cathodic protection and new paint.

Public access to the bridge will be closed starting Wednesday, Nov. 29 at 7 a.m. All pedestrian traffic will be routed to the on-street crossing approximately 1,800 feet south of the bridge. See detour below.

WHEN:  Approximate Construction Duration:
• Early December 2017 — Mid-March 2018
  • Scaffolding Installation: Dec. 4 — 13, 2017. Night work hours: 9 p.m. — 4 a.m.
  • Work stoppage: Dec. 14 — 27, 2017. Scaffolding will remain erect
  • Bridge Rehabilitation: Dec. 28, 2017 — Mar. 12, 2018. Work hours: 7 a.m. — 5 p.m.
• This schedule is subject to change due to weather and other factors

WHERE:  Adjacent to Coast Hwy between Doheny Park Road and Palisades Drive, see map below.
