

# CONSTRUCTION UPDATE

## Silverado Canyon Road Pavement Rehabilitation

Lane closures, road closures, potential traffic delays, landscape trimming and removal, and limited parking planned for segments of Silverado Canyon Road. See below for additional detail.

**WHAT:** OC Public Works will repave Silverado Canyon Road from Santiago Canyon Road to the entrance of the Cleveland National Forest. Silverado Canyon Road will remain open at all times outside of working hours and on weekends during construction. Bicyclists should be aware that segments of the road may be subject to uneven pavement outside of working hours, including weekends.

- **Landscape Trimming and Removal:** All vegetation impeding public right-of-way will require trimming or removal. Residents are encouraged to reclaim overgrown landscaping prior to the planned trimming or removal.
- **Lane Closures:** Lane closures will be required to complete the paving activities along the entire reach of Silverado Canyon Road.
- **Road Closures:** Road constraints east of Silverado Café may cause road users to be subject to traffic delays. Full road closures will be required to complete paving activities at narrow segments of the road. The paving equipment can be moved with a minimal delay to allow traffic to pass, however, vehicles will be restricted from driving on hot pavement, which could cause up to 45 minute delays.
- **No Parking:** No Parking signs and door hangers will be posted at work locations 48 hours in advance of activity. Residents who use the shoulder of the roadway for short-term parking, long-term parking or vehicle storage will be required to temporarily relocate vehicles during construction.

**WHEN:** **Overall Project Construction Schedule:** Thursday, July 26, 2018 — Friday, August 24, 2018  
**Road & Lane Closures:** See reverse side for details. Note: On Wednesday, July 25 Southern California Edison will require a full closure of Silverado Canyon Road at Hillside Lane between 9:30 — 10 am and 11 — 11:30 am. This road closure is not associated with this project.

**Working Hours:** Weekdays, 8:30 am — 4:00 pm

*The construction schedule is tentative and subject to change depending on weather and other factors.*

**WHERE:** Road closures, restricted parking, and landscape trimming and removal at various locations east of Silverado Café:
