

Construction Alert

Black Star Canyon Road Resurfacing Project

Project Summary

OC Public Works, in coordination with OC Parks, will be improving Black Star Canyon Road between the existing trailhead and County property line (approximate 1 mile long). The project includes grinding and compacting the deteriorating road surface followed by installation of a fresh layer of stabilized decomposed granite (SDG) to give the dual purpose road/trail a natural finish. Treated wood headers will be installed along the edges of the road to secure the placement of the SDG. Minor roadway shoulder reshaping, installation of erosion control items such as filter fabric, gravel bedding and additional riprap to protect erosion prone roadway sections is also included.

WHERE

WHAT TO EXPECT

Weekday trail closures are required for this project.

During construction, working hours access will be restricted to residents, utility maintenance and emergency vehicles only. The trail will be open for general public use on weekends.

WHEN

Anticipated Construction Duration

September 17, 2018 — October 26, 2018

Working Hours | Monday—Friday | 7 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.
