Bitterbush Channel Rehabilitation Project

Project Summary

OC Public Works will complete a rehabilitation project along the Bitterbush flood control channel in the City of Orange.

WHAT

Construction activity consists of repairing concrete, restoring earthen slope sections, reconstructing concrete panels, and removing and replacing “rip-rap.” OC Public Works’ contractors will complete general maintenance, such as backfilling eroded sections, flushing drains, removing sediment and debris, and reestablishing the walkway.

WHERE

The project area is located within the Bitterbush Flood Control Channel, between the Santa Ana River and Main Street in the City of Orange.

WHEN

Anticipated Construction Duration
October 15, 2018 — Late December, 2018

Working Hours | Weekdays | 7 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.
