

## Santa Ana Gardens Channel Bikeway Extension Project

The Santa Ana Gardens Channel Bikeway Extension Project will improve safety for bicyclists and pedestrians and will provide connections to the existing and future bikeways. It is not only a bikeway – this will be a new path that provides a connection to the community, providing a safe walkway to nearby schools, Jerome Park and adjacent neighborhoods.

### WHAT

Crews will transform a dirt County access road (next to the Santa Ana Gardens Flood Control Channel) into a paved path for public use — for bicyclists and pedestrians. This new path will provide a connection to the community by providing a safe bikeway and walkway to nearby schools, Jerome Park, Friendship Park and adjacent neighborhoods.

Construction will include:

- Dedicated path off the roadway for bicyclist and pedestrians (*short portion of bikeway at Myrtle Street will be on the roadway*)
- Cable-railing fencing
- 8-feet tall, high-durability fencing
- Curb ramp reconstruction
- Friendship Park renovation
- Landscaping
- Security lighting
- Crosswalk at Willits Street

Your safety is our top priority! Sidewalk detours may be required in some areas. Please observe project caution signs and personnel when near the project area.

### WHEN

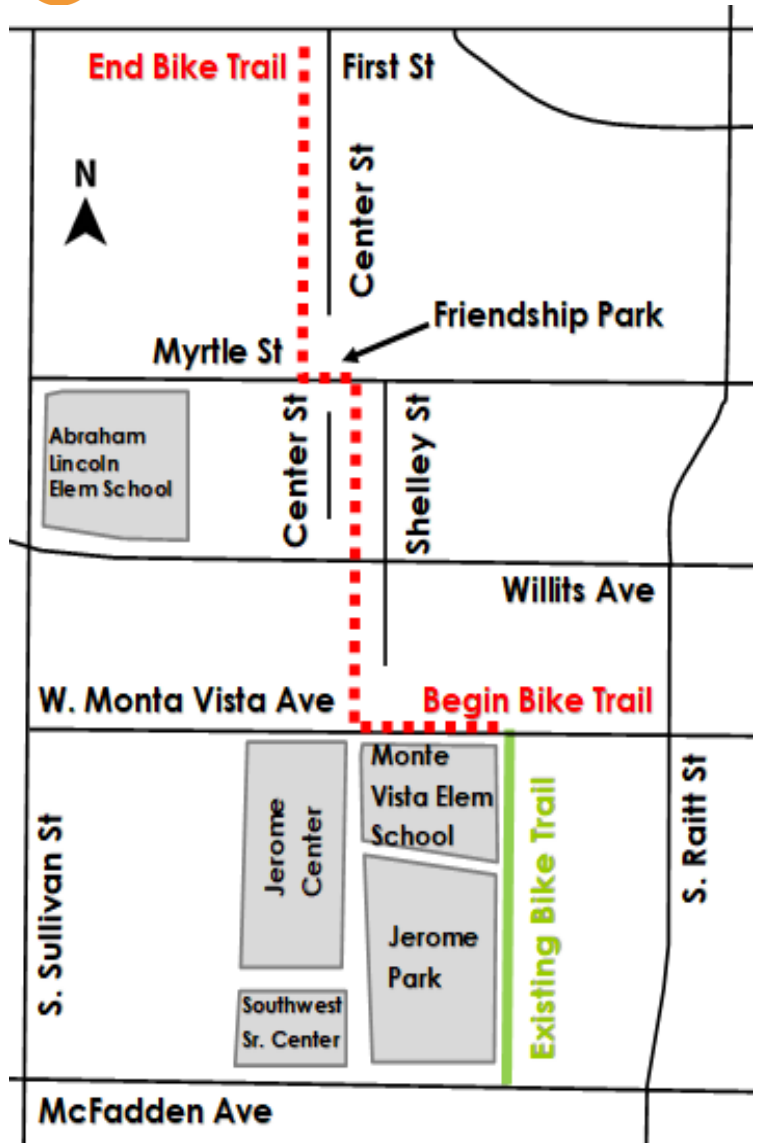

November 28, 2022 — Summer 2023

**Working Hours:** Monday — Friday, 7 a.m. — 4:00 p.m.\*

\*Note: Start time along Monte Vista Avenue and adjacent to homes will be adjusted to minimize impacts.

The construction schedule is subject to change.
