

PROJECT UPDATE

MARCH 2023

OC Public Works

LAGUNA CANYON CHANNEL REPLACEMENT PROJECT

Woodland Drive to the southern end of Laguna Canyon Frontage Road

Current Project Progress

Work Completed to Date

As of February, 675 feet of channel replacement has been completed, as well as the drainage structures and the reinforced concrete bridge at Woodland Drive.

Other items completed include clearing and grubbing of vegetation, sidewalk, curb and gutter, decorative fencing and fire hydrant relocation.

Looking Ahead

In the month of March, channel shoring, concrete and backfill work continues. Curbs and gutters, sidewalks, and decorative fencing will be installed on the frontage road. At the mini-park, landscaping and irrigation are planned for completion.

More Parking Now Open!

42 parking spaces near the mini-park opened for resident use on February 21, 2023. All parking spaces in Zone 3 plus five additional spaces in Zone 2 are now open for use.

Thank you for your patience as we work to re-open as many parking spaces as possible during construction.

Project Timing

Now in Construction: **Zone 2**

January 2023 — Late March 2023

(Overall project completion scheduled for May 2023.)

Working Days/Times

Monday – Friday: 7:30 a.m. to 6 p.m.

Saturday: 8:30 a.m. to 6 p.m. (as needed)
